

WV-10 "The Seahorse" Work Vest Technical Sheet

Model No: WV-10

U.S.C.G. App# 160.053/70/0

Manufacturer: Taylortec, Inc.
16152 East Club Deluxe Rd
Hammond, LA 70403 USA
+ 1 985 542 6266

Description: **The Seahorse.** Type V, inherently buoyant, 3-piece vinyl-coated foam work vest. Closed cell flotation foam will not absorb water if cut or punctured. The tough, flexible coating resists caustics, acids, UV light, hydrocarbons, mildew, fading, drilling mud, tears, and abrasions. It's easy to clean with soap and water, and the webbing system is designed to take strains and loads. A chest strap helps to hold the vest on the wearer during falls into the water, and prevents the vest from riding up too high. Please adjust for snug fit.

Materials: PVC-based closed cell foam, liquid vinyl, 1" black polypropylene webbing, aluminum slides, plastic buckles. All materials are U.S.C.G. approved.

Features available: reflective tape (RT), stainless steel snaphooks, front pocket, custom silk screen stenciling.

Color: International Orange

Buoyancy: U.S.C.G. minimum required 17.5 ± ½ lb, our design exceeds this minimum requirement.

Weight: 1.85 lb

Thickness: 1 ¾" thick (± ⅛") pads

Dimensions: Front pieces: 13 ½" L x 10 ¼" W
Back piece: 11 ½" L x 10" W

Packing: 10 work vests per box.
Pieces are stacked together and enclosed in a clear plastic bag, ~6" in height.
